K SAGAR

Digital Marketing Executive

Bengaluru, India | 9380940559 | kothakulasagar2002@gmail.com

Performance Marketing | SEO | Paid Media | Lead Generation | AI-Assisted Marketing

PROFESSIONAL SUMMARY

Digital Marketing Executive with hands-on experience in performance marketing, SEO, and paid media, including Google Ads and Meta Ads campaign planning, execution, and optimization. Skilled in lead generation, audience targeting, website traffic and app-promotion campaigns, and e-commerce/catalog advertising, backed by technical SEO (keyword research, on-page optimization, search visibility) and marketing analytics (Google Analytics, Google Search Console, performance and campaign reporting). Experienced in managing digital marketing initiatives across multiple business entities spanning logistics, e-commerce, travel, design & build, and global trading, combining content and social media marketing, email/WhatsApp marketing, and AI-assisted content and creative workflows to support campaign development and business growth.

TOOLS & PLATFORMS

Google Ads, Meta Ads Manager, Google Analytics, Google Search Console, Google Business Profile, Rank Math, Ahrefs, SEMrush, WordPress, Elementor, Canva, Groq AI, Firebase, OpenCart, Google Workspace, Zoho Mail

PROFESSIONAL EXPERIENCE

Digital Marketing Executive | *ABRA Group, Bengaluru* | *6 Months*

- **Campaign Development & Execution:** Planned, set up, and executed Meta Ads and Google Ads campaigns across lead generation, website traffic, e-commerce/catalog promotions, app promotions, and service-based offerings, managing audience targeting, creative rollout, and campaign monitoring end-to-end.
- **Performance Marketing:** Managed paid-search and paid-social visibility objectives across Meta Ads Manager and Google Ads, tracking clicks, impressions, CTR, and lead flow to guide campaign adjustments.
- **Lead Generation:** Generated and tracked leads for logistics and service campaigns using Meta lead forms; reviewed lead quality and status, supported customer response activity, and compiled lead performance reports.
- **SEO & Technical SEO:** Executed keyword research, on-page SEO, meta titles/descriptions, internal linking, content optimization, image alt attributes, backlink activities, and SEO audits; reviewed sitemap/robots.txt, indexing, canonical tags, and product schema markup for technical health.
- **Marketing Analytics & Reporting:** Monitored search visibility, keyword rankings, and website traffic using Google Search Console and Google Analytics; compiled daily, weekly, and monthly reports covering campaign performance, ad spend, leads, SEO metrics, and recommendations.
- **E-commerce & Catalog Marketing:** Drove digital marketing for ABRA Zylo, including Meta catalog advertising, product creatives, app promotion, and website visibility, while tracking campaign performance.
- **Content & Creative:** Designed social media content, ad creatives, banners, and promotional assets using Canva and AI-based image/video generation tools; produced SEO-driven content for websites, social media, and campaign messaging.
- **Website Management:** Managed and maintained WordPress websites using Elementor, including page creation, content updates, responsive layouts, and SSL configuration.
- **Multi-Entity Marketing Support:** Supported digital marketing activities across multiple ABRA Group business entities — logistics, e-commerce, travel, design & build, and global trading — adapting campaigns and content to each business context.
- **Email & WhatsApp Marketing:** Managed customer communication, promotions, follow-ups, and lead engagement through email and WhatsApp marketing channels.
- **AI-Assisted Marketing:** Leveraged AI tools and APIs across marketing workflows for content generation, creative ideation, reporting, and campaign support.

SELECTED HANDS-ON WORK

- **Campaign Planning & Optimization:** Meta Ads and Google Ads campaign setup, audience targeting, creative rollout, campaign monitoring, and optimization based on performance data.
- **Performance & Market Analysis:** Reviewed clicks, impressions, CTR, keyword rankings, and lead quality to identify performance trends and inform campaign recommendations.
- **SEO:** Keyword research, Rank Math optimization, on-page and local SEO, Google Business Profile management, directory listings, backlink activities, and indexing/search-performance monitoring.
- **Web:** WordPress installation/configuration, Elementor page building, responsive design, website content updates, e-commerce product support, and basic HTML/CSS/JavaScript.
- **Creative & Content:** Social posts, ad creatives, banners, product images, AI-generated marketing visuals/videos, captions, SEO content, and campaign copy.
